# TORIES TO CUT GREEN LEVIES ON FUEL BILLS

Energy price cap set to plunge by over £100 before election – and minister pledges to curb eco-taxes on families

**THE Tories will today pledge to curb green levies on energy bills – as the election battle moves to the cost of living.**

Rishi Sunak will receive a boost today with an announce-

By **Jason Groves** and **John-Paul Ford Rojas**

ment that gas and electricity bills will be slashed by an average of more than £100 just days before the July 4 poll.

And Energy Secretary Claire Coutinho will unveil a string of

initiatives to keep bills down, including a pledge that controversial green levies on energy will be kept below their current level for the next five years.

Ms Coutinho will also promise to retain the energy price cap for at least the lifetime of the next
