HARRY ASKS FORMER AIDES TO HELP PLOT HIS 'RETURN FROM EXILE'

PRINCE Harry has sought advice from trusted former aides in Britain on how to mastermind a return from exile in the United States, The Mail on Sunday can reveal.

Sources said the Duke of Sussex is consulting people 'from his old life' as a working royal after allegedly growing dissatisfied with advice from American-

based image experts. The overtures signify the first stage in a strategy to 'rehabilitate' Harry that would involve

him spending more time in the UK to repair his relationship with his father and potentially initiate a partial return to the royal fold.

Sources stressed that Harry and Meghan, who have spent the past four years living in self-imposed exile in California
