### Security breach fear for Princess of Wales

# STAFF AT KATE'S HOSPITAL 'TRIED TO ACCESS HER RECORDS'

**HOSPITAL staff allegedly tried to access the Princess of Wales's medical records in a major security breach.**

The London Clinic has launched an investigation into the claims.

At least one employee at the

prestigious hospital is alleged to have been caught trying to access Kate's notes during her 14-day stay for abdominal surgery.

'This is a major security breach and incredibly damaging for the hospital, given its unblemished reputation for treating members

of the Royal Family,' a hospital source told the Daily Mirror.

'Senior hospital bosses contacted Kensington Palace immediately after the incident was brought to their attention and assured the Palace there would be a full investigation.'

The source added: 'The whole
