MOHAMMAD HONOURS 12 WATER AWARD INNOVATORS

His Highness Shaikh Mohammad Bin Rashid Al Maktoum, Vice-President and Prime Minister of the UAE and Ruler of Dubai, honoured 12 innovators yesterday, recognising their achievements in the fourth edition of the Mohammad Bin Rashid Al Maktoum Global Water Award. The winners were recognised for their impactful innovations that facilitate access to safe and clean drinking water at low cost.

Dubai Airports cuts parking charges for summer flyers

Travellers can park for up to two weeks for just Dh300 across all DXB terminals

DUBAI
BY JUSTIN VARGHESE
Your Money Editor

Dubai Airports has announced a significant cut in long-term parking prices across all terminals at Dubai International (DXB), just in time for the summer travel season.

The move comes as the airport prepares to handle over 250,000 passengers daily in June — a peak period for outbound travel.

From June 10 to 30, travellers using Terminal 1 Car Park B, Terminal 2, and Terminal 3 can take advantage of reduced long-stay parking rates designed to ease travel costs and reduce drop-off congestion.

These updated rates offer

NEW RATES

- For 3 days Dh100
- For 7 days Dh200
- For 14 days Dh300

significant savings over standard tariffs, providing UAE residents flying out for extended vacations with better value and peace of mind.

With DXB experiencing one of its busiest periods, the discounted rates are part of a wider strategy to improve passenger flow. Travellers are being encouraged to use official airport parking instead of kerbside drop-offs, easing traffic at terminal entrances.

In addition, those visiting the airport to pick up guests are advised to use DXB's designated car parks or valet services for a more convenient experience. From June 10 to 30, these visitors can also benefit from the same reduced

parking rates under the summer offer.

Summer travel tips

To ensure a smooth journey through DXB, Dubai Airports encouraged passengers to plan ahead. Emirates flyers can take advantage of home, early, self-service, and city check-in options. For other airlines, arrive no earlier than three hours before departure, and use online check-in if available.

Families with children aged 12 and above can speed through immigration using Smart Gates. Prepare for travel by weighing bags at home, gathering documents early, and packing batteries or power banks in hand luggage only.

To avoid traffic delays, allow extra time for airport access. Use the Dubai Metro to reach Terminals 1 and 3, with extended hours during holidays. Visitors picking up passengers can use car parks or valet services, with reduced parking rates from June 10–30.

UAE hits hard with Dh339m in penalties

EFFORTS TO CURB MONEY LAUNDERING AND TERRORISM FINANCING RAMP UP

DUBAI
BY JUSTIN VARGHESE
Your Money Editor

The UAE is ramping up efforts to combat money laundering and terrorism financing with a string of high-value penalties issued in recent months — totalling over Dh339 million — against both local exchange houses, foreign bank branches, and insurance companies operating in the country.

In the latest action, the Central Bank of the UAE (CBUAE) yesterday imposed Dh12.3 million in fines on six exchange houses for breaching anti-money laundering (AML) regulations. The fines followed inspections that uncovered multiple violations, including failures to follow the country's AML and counter-terrorism financing (CFT) framework.

This move comes just a week after the Central Bank slapped a Dh3.5 million fine on another exchange house for similar failures.

Crackdown intensifies

The crackdown intensified late last month with one exchange house fined Dh100 million, only days after another was hit with an even larger penalty of Dh200 million.

Foreign banks haven't been spared either. The Central Bank recently penalised two UAE

Dh12.3m
in fines imposed on six exchange houses yesterday

branches of international banks with a combined Dh18.1 million in fines. In February, an exchange house operating in the UAE was given a penalty of Dh3.5 million. Additionally, five banks and two insurance companies were fined a combined Dh2.62 million by the UAE Central Bank a month later.

Across all these cases, regulators found a common thread: systemic weaknesses in how institutions monitored and reported suspicious transactions and verified the identities of clients and beneficiaries.

The UAE's crackdown is no longer limited to the banking sector either. Authorities are expanding their regulatory net to include sectors that have traditionally been outside the formal financial system but are at high risk for abuse — such as real estate, gold and jewellery trading, auditing, and corporate service providers.

To boost effectiveness, the UAE Ministry of Economy has teamed up with Dubai Police to tighten surveillance of suspicious transactions in these sectors.

Apple's iOS 26: When will UAE users get the updates?

Apple unveiled the features on Monday

DUBAI
BY DHANUSHA GOKULAN
Chief Reporter

Phone users across the UAE can look forward to a significant upgrade this fall with the official rollout of Apple's new operating system, iOS 26. The American tech juggernaut unveiled updates to its operating systems during the Worldwide Developers Conference (WWDC 2025) on Monday. The highly anticipated software updates — iOS 26, macOS 26, watchOS 26, and

to reach iPhone 11 and later models across the emirates this fall, said Apple. The public beta usually arrives in July, about a month after the first developer beta.

tvOS 26- will bring many new features and enhancements to compatible devices.

Developers will be able to test iOS 26 immediately. At the same time, a public beta is set to become available next month, offering users a sneak peek at the new functionalities. The full, free software update is expected

to reach iPhone 11 and later models across the emirates this fall, said Apple. The public beta usually arrives in July, about a month after the first developer beta.
