EXPOSED: THE DIY FAT JAB DEALERS

CHEAP 'Do It Yourself Ozempic' is being sold across Britain in a booming black market that puts lives at risk, a Daily Mail investigation has found.

Scores of dealers based in the UK and China are using social media to openly advertise their cut-price illegal fat jabs to vulnerable people.

They supply the active ingredi-

ent found in genuine weight-loss drugs and provide instructions on how to mix it in highly dangerous skinny jab home kits.

Some of them target followers

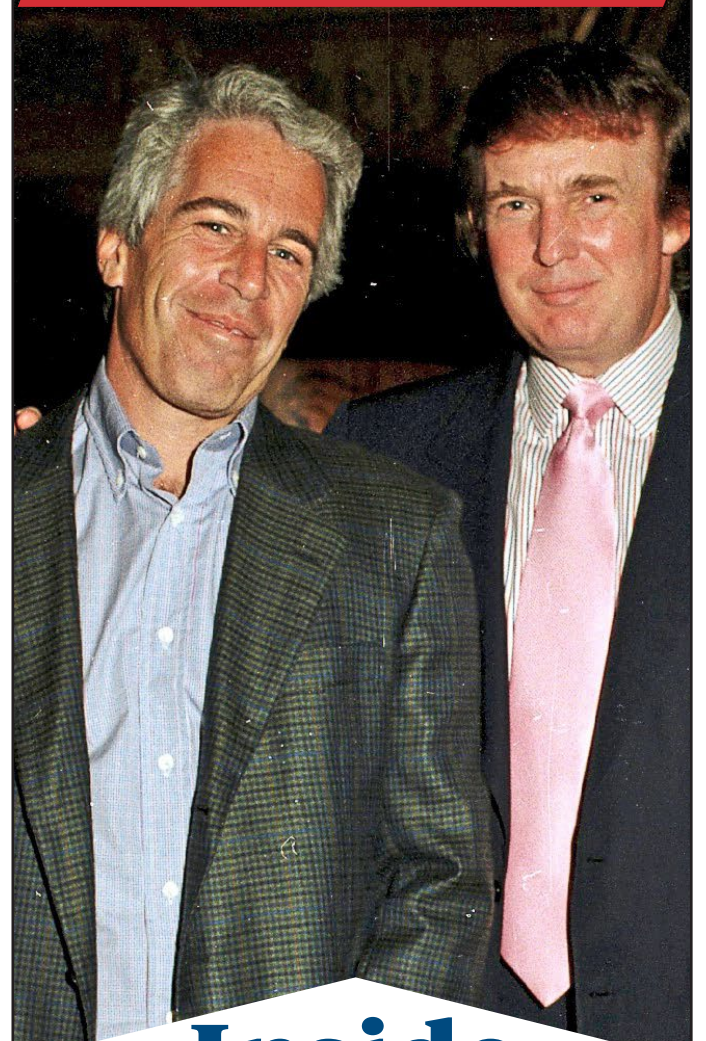

of UK weight-loss Facebook support groups desperate to get a cheaper version of the prescription-only medication without the legally required medical checks or monitoring.

Despite the potentially huge risks to their health, thousands of Britons are feared to have bought the DIY versions.

Many are tempted by the fact that they can cost less than £20 for a month's course of injections – compared with around £200 for the legitimate treatment bought
