UAE to become global capital of entrepreneurship

50 PUBLIC, PRIVATE SECTOR ENTITIES
TO TRAIN, SUPPORT 10,000 EMIRATIS

DUBAI
Gulf News Report

His Highness Shaikh Mohammad Bin Rashid Al Maktoum, Vice-President and Prime Minister of the UAE and Ruler of Dubai, announced yesterday the launch of a nationwide campaign aimed at cementing the UAE's standing as the world's capital of entrepreneurship.

The initiative, titled "UAE: The Global Capital of Entrepreneurship", will bring together more than 50 public and private sector entities to train and support 10,000 Emirati entrepreneurs. The programme offers thousands of new economic opportunities and encourages greater participation in the country's dynamic economy.

"We want our youth to build their own companies, contribute to our economic development, and seize the immense opportunities our national

economy offers," Shaikh Mohammad said.

New initiatives

As part of the campaign, the UAE Cabinet will roll out a series of new initiatives and has urged government entities, institutions, and the private sector to play an active role in advancing its goals.

The programme seeks not only to equip entrepreneurs with skills but also to cultivate broader societal awareness of the importance of entrepreneurship, at a time when the UAE is experiencing a major economic upswing.

Shaikh Mohammad noted that the UAE already hosts 50 business incubators nationwide, with small and medium-sized enterprises (SMEs) contributing more than 63 per cent of the country's non-oil GDP. The UAE also ranks among the world's top 56 economies in terms of SME support and business environment competitiveness.

UK, Canada recognise Palestine

DUBAI
Gulf News Report

Prime Minister Keir Starmer yesterday announced that the United Kingdom has formally recognised the state of Palestine, marking a historic shift in British foreign policy.

"Today, to revive the hope of peace and a two-state solution, I state clearly — as prime minister of this great country — that the United Kingdom formally recognises the state of Palestine," Starmer said.

Britain was joined by Canada and Australia.

Crucial step, says UAE

Meanwhile, Dr Anwar Gargash, Diplomatic Adviser to the UAE President, affirmed that the forthcoming round of UN recognition of the Palestinian state represents a crucial step in advancing the two-state solution.

He highlighted that recognising Palestine would legitimise Palestinian national rights, revive stalled negotiations, and counter attempts to entrench occupation or impose a one-state reality.
