OVER 300,000 TAKE TO SHEIKH ZAYED ROAD FOR ANNUAL DUBAI RUN

■ Dubai woke up yesterday to a breathtaking sight as 307,000 runners transformed Sheikh Zayed Road into a vibrant stream of colour, movement and infectious energy. From toddlers in prams to long-time residents reliving decades of UAE memories, the city's main artery became the world's largest running track for the annual Dubai Run — a flagship highlight of the Dubai Fitness Challenge. Flags, LED bands and early-morning pyrotechnics lit up the route as families and athletes shared a citywide celebration of fitness. Parachutists trailed UAE-coloured smoke above Sheikh Zayed Road, creating a striking aerial display ahead of National Day celebrations. What began as a fitness initiative has now evolved into a city tradition — a day where fun and movement take over Dubai.

UAE to invest \$50 billion in Canada's strategic sectors

New framework covers AI, energy and mining

DUBAI

BY NIVETHA DAYANAND
Assistant Business Editor

\$8.8b

UAE's foreign direct investment stock in Canada in 2024

The UAE has approved a major investment framework with the Government of Canada, setting the stage for up to \$50 billion in new capital flows into several of Canada's most strategic sectors.

Under the agreement, the UAE will channel up to \$50 billion into key areas of the Canadian economy. These include energy, artificial intelligence, logistics, mining and a range of other high-value industries that form the backbone of Canada's long-term growth plans.

Renewed momentum

The framework aims to broaden economic cooperation between the two countries while enabling deeper cross-border investment flows. Officials noted that the

agreement underscores a period of renewed momentum in UAE-Canada relations, translating policy alignment into long-term commercial opportunities.

"This investment framework underscores the UAE's commitment to enhance its long-standing strategic partnership with Canada, as well as the shared ambition of both countries to broaden avenues of economic cooperation and enable high-value investment flows," the announcement stated.

Foreign direct investment stock from the UAE in Canada reached \$8.8 billion in 2024. Canadian direct investment into the UAE, while smaller in scale, totalled \$242 million in the same year.

Dubai unveils largest budget of Dh302.7b

BUDGET REFLECTS BALANCE BETWEEN GROWTH AND ECONOMIC STABILITY

DUBAI

BY JUSTIN VARGHESE
Your Money Editor

His Highness Sheikh Mohammed Bin Rashid Al Maktoum, Vice-President and Prime Minister of the UAE and Ruler of Dubai, has approved the Government of Dubai's general budget cycle for the fiscal years 2026-2028, and the Dubai Government's general budget for the fiscal year 2026.

The three-year budget cycle for 2026-2028 has been approved with a total expenditure of Dh302.7 billion and total revenues of Dh329.2 billion. This budget cycle, the largest in the emirate's history, aligns with future ambitions to promote sustainable economic growth, enhance community well-being, and solidify Dubai's reputation as a land of opportunity and innovation. During the implementation of the 2026-2028 cycle, Department of Finance (DoF) expects to achieve an operating surplus of up to 5 per cent of the emirate's projected GDP for 2026, further solidifying long-term fiscal sustainability.

Growth of key sectors

Sheikh Hamdan Bin Mohammed Bin Rashid Al Maktoum, Crown Prince of Dubai, Deputy Prime Minister, Minister of Defence, and Chairman of Dubai Executive Council, said: "Dubai's general budget cycle for 2026-

Dh329.2b
in total revenues approved for 2026-2028 budget cycle

2028 provides a financial roadmap that accelerates Dubai's ambitions to enhance the growth of its key sectors and solidify its position as a global economic centre."

He added: "This budget reflects the vision of His Highness Sheikh Mohammed Bin Rashid Al Maktoum to advance the emirate's strategic objectives, most notably doubling Dubai's GDP and positioning it among the world's top three urban economies within the next decade, while maintaining a balanced approach between ambitious growth and economic stability, supported by prudent fiscal policies."

The 2026-2028 financial cycle embodies Dubai's forward-looking vision, with strategic investments in space research, digital transformation, and artificial intelligence, while fostering entrepreneurship and creating a dynamic environment for diverse economic sectors. The estimated expenditure for the fiscal year 2026 stands at Dh99.5 billion. Revenues for 2026 are projected at Dh107.7 billion, including general reserves of Dh5 billion.
