Iran lying about targeting US bases in Gulf: Gargash

NUMBERS OF MISSILES AND DRONES REVEAL A 'DIFFERENT REALITY'

DUBAI

BY KHITAM AL AMIR

Chief News Editor

Dr Anwar Gargash, Diplomatic Adviser to the UAE President, said the Iranian regime is misleading the international community by claiming it is targeting US military bases in the Gulf region, stressing that the scale and pattern of missile and drone launches indicate that civilian infrastructure and vital facilities have also been struck.

In a post on his X account, Dr Gargash said: "The Iranian aggression is lying when it claims to be targeting US military bases in the Gulf, as the numbers of missiles and drones reveal a different reality. The attacks are striking civilian infrastructure and vital facilities without consideration for civilians or innocent people. We thank God for the efficiency of our national capabilities in repelling these brutal attacks."

Meanwhile, Dubai authorities have confirmed that two drones

400M OIL BARRELS

The 32 member countries of the International Energy Agency (IEA) decided yesterday to unlock 400 million barrels of oil from their reserves — the biggest such release ever — to ease the impact of the Middle East war.

fell in the vicinity of Dubai International Airport (DXB) yesterday morning, resulting in minor injuries to two Ghanaian nationals and one Bangladeshi national, and moderate injuries to one Indian national. Air traffic is operating as normal.

Dubai Airports, which operates DXB and DWC, resumed operations partially from March 7 after a brief interruption. Travelers have been urged to not travel to the airports unless they have been contacted by their airline that their flight is confirmed, as schedules continue to change.
