ABU DHABI
Gulf News Report

A high-speed train project that will bring down the travel time between Abu Dhabi and Dubai to 30 minutes was unveiled at the Al Faya Depot in Abu Dhabi yesterday. Operated by Etihad Rail, the train will run at up to 350km/hour and enable seamless connectivity between the two emirates, the Abu Dhabi Media Office stated.

The announcement of the project was witnessed by Shaikh Hamdan Bin Mohammad Bin Rashid Al Maktoum, Crown Prince of Dubai, Deputy Prime Minister, Minister of Defence, and Chairman of The Executive Council of Dubai; and Shaikh Khalid Bin Mohammad Bin Zayed Al Nahyan, Crown Prince of Abu Dhabi and Chairman of the Abu Dhabi Executive Council.

Etihad Rail will oversee the development and operation of the project, which is expected to contribute Dh145 billion to UAE's GDP over the next five decades. This project is not the same as the previously announced Etihad Rail passenger service, using the same network as UAE's freight trains.
