By **Martin Beckford** Policy Editor

**KEIR** Starmer was last night warned he would betray Brexit if he agreed a deal that put the UK back under the control of the EU.

The Prime Minister is today set to sign an agreement at what has been dubbed

## COMMENT

Sir Keir must think twice before putting pen to paper on a deal that leaves us trapped back in the legal and regulatory clutches of a bloc 17.4 million people voted to leave.

his 'Surrender Summit' that will mean Britain must once more follow EU laws and abide by its judges' rulings.

He is also poised to hand millions of young Europeans the right to live, study and work here for up to three years, risking his pledge
