UAE sends 16 aid trucks to bolster Gaza's health sector

CONVOY COMPRISES 23 TRUCKS, WITH 7 CARRYING ASSORTED FOOD SUPPLIES

ALARISH

A UAE humanitarian aid convoy entered the Gaza Strip yesterday through the Rafah Border Crossing in Egypt, as part of the country's ongoing efforts to support and relieve the Palestinian people during the current circumstances, under the framework of Operation Gallant Knight 3.

The convoy comprised 23 trucks, including 16 loaded with medical supplies donated by the UAE to the World Health Organisation (WHO) in Gaza for distribution to hospitals across the Strip.

These supplies included medicines, medical solutions, and life-saving equipment such as ventilators, dialysis machines and filters, respiratory support devices, infusion pumps, and blood glucose monitors.

Essential health care

The shipment also contained essential health care furnishings and equipment, including advanced hospital beds, paediatric and neonatal beds, patient stretchers for emergency

transfers, wheelchairs, and medical crutches. Supporting equipment, such as specialised refrigerators for storing sensitive medicines and vaccines, was also provided.

In addition, seven trucks carried assorted food supplies to help address urgent nutritional needs.

The UAE marks today the In-

ternational Day of Charity, observed annually on September 5, reiterating its commitment to its humanitarian and civilizational responsibilities in promoting charitable, humanitarian and developmental efforts on a global scale.

And this year's occasion comes as the UAE leads international efforts to assist the Pales-

tinian people in the Gaza Strip via Operation Gallant Knight 3.

Humanitarian assistance

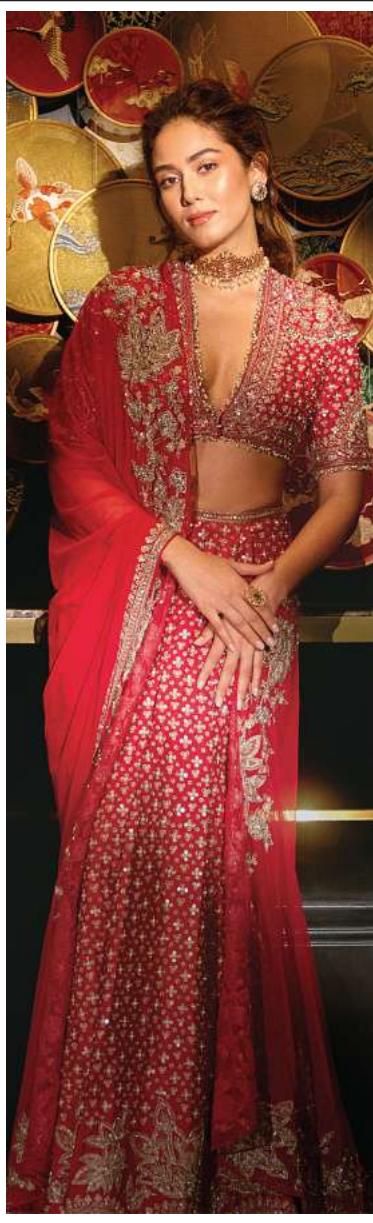

Through Operation Gallant Knight 3, the UAE continues to provide humanitarian assistance to the Palestinian people in Gaza, working to alleviate their suffering and secure essential needs for the most vulnerable groups.

Charitable work in the UAE is a deeply-rooted tradition and a firmly established social value since the Union's foundation, as the country has consistently supported those in need, provided relief to victims of disasters, and fostered solidarity and human cooperation with nations and peoples during catastrophes, crises, wars and conflicts.

In line with the Ninth Principle of the Principles of the 50, which stipulates that the UAE's foreign humanitarian aid is an essential part of its vision and moral duty towards less fortunate peoples, the value of the country's foreign aid until mid-2024 exceeded Dh360 billion (\$98 billion).
