MOHAMMAD MEETS TEACHERS, ADMINISTRATORS AND STUDENTS

■ President His Highness Shaikh Mohammad Bin Zayed Al Nahyan yesterday welcomed a group of teachers, administrators, and outstanding students from various schools during an iftar reception at Qasr Al Bateen in Abu Dhabi. Shaikh Mohammad congratulated the attendees on the fasting month of Ramadan, praying for continued blessings, happiness, and prosperity for them and their families.

New policy on recognising foreign degrees

ABU DHABI
BY ABDULLA RASHEED
Abu Dhabi Editor

The UAE Ministry of Higher Education and Scientific Research will grant conditional recognition to degrees obtained through distance learning, open education, online

education, and correspondence education, provided they meet specific criteria set by a dedicated ministerial committee.

Additionally, the ministry has clarified that vocational certificates, training programme certificates, and degrees obtained through specialised programmes catering

to specific student demographics will not be recognised. To streamline the recognition process, the ministry has appointed two external agencies — Dataflow and QuadraBay — as authorised partners for degree verification and equivalency certification.

UAE APPROVES STRATEGY TO MORE THAN DOUBLE FDI INFLOWS BY 2031

DUBAI
BY KHITAM AL AMIR
Chief News Editor

The UAE has approved a new work system allowing federal government employees to work remotely from outside the country.

The initiative, announced yesterday during a Cabinet meeting chaired by His Highness Shaikh Mohammad Bin Rashid Al Maktoum, Vice-President and Prime Minister of the UAE and Ruler of Dubai, aims to attract international talent to contribute to government projects, studies, and specialised tasks.

During the meeting held yesterday at Qasr Al Watan in Abu Dhabi, the UAE government approved a comprehensive six-year national investment strategy aimed at more than doubling the country's annual foreign direct investment (FDI) inflows by 2031, in a move that will reinforce the nation's position as a global hub for business and capital.

The strategy targets increasing annual FDI inflows from Dh112 billion in 2023 to Dh240 billion by the end of the strategy's term. It also aims to raise the total stock of foreign investments

Dh240b
FDI inflows targeted by UAE by 2031, up from Dh112b in 2023

from Dh800 billion to Dh2.2 trillion during the same period.

"This strategy will focus on vital sectors including industry, logistics, financial services, renewable energy, and information technology," Shaikh Mohammad said in a statement following the meeting.

The Cabinet also reviewed the progress of the UAE's strategic partnerships with African nations, reporting that 95 per cent of the initiatives previously approved have been implemented, resulting in a significant rise in trade volume with sub-Saharan Africa — from Dh126.7 billion in 2019 to Dh235 billion in 2024, an 87 per cent growth over five years.

The Cabinet also ratified 28 international agreements, including economic partnership agreements with Malaysia, New Zealand and Kenya.
