# UAE faces 14 days of intense heat, dust storms

**DUBAI**

**BY KHITAM AL AMIR**
Chief News Editor

The UAE braced for a prolonged period of extreme summer weather starting yesterday, lasting until August 24, according to the Storm Centre. Over these 14 days, the country is expected to witness intense heat, frequent dust storms, and elevated humidity levels, particularly along coastal areas.

Winds carrying airborne toxins are expected to blow primarily from the northeast, contributing to poor air quality and reduced visibility. Dust storms will be a regular occurrence, accompanied by a rise in non-rain-bearing clouds that will blanket the sky, intensifying the already soaring temperatures.

The period will witness the peak of the summer heat, with temperatures reaching their highest levels of the season. Meanwhile, humidity will increase significantly, adding to the discomfort, especially in coastal regions.

# UAE carries out 68th airdrop of Gaza aid under 'Birds of Goodness'

## LATEST SHIPMENT INCLUDES QUANTITIES OF ESSENTIAL FOOD SUPPLIES

**ABU DHABI**

The UAE has continued its humanitarian efforts to support the Palestinian people in the Gaza Strip, carrying out the 68th airdrop of aid under Operation Birds of Goodness, part of Operation Gallant Knight 3, in cooperation with Jordan, and with the participation of Germany, Italy, the Netherlands, Belgium, and France.

The shipment included quantities of essential food supplies, prepared with the support of several UAE-based charitable institutions and entities, to meet the needs of residents amid the difficult humanitarian conditions in the Strip.

### Aid via land

In addition, 20 trucks loaded with 540 tonnes of food supplies entered Gaza through land crossings, as part of the UAE's ongoing efforts to secure vital supplies by land and air.

With this operation, the total volume of aid airdropped by the UAE has reached more than 3,908 tonnes of various relief items, including food and essential supplies, underscoring its sustained commitment to supporting the Palestinian people and bolstering their resilience. These efforts reflect the UAE's leading role in international relief work, by uniting efforts with regional and international partners and promoting a humanitarian giving approach to alleviate the suffering of those affected in crisis areas.
