UK FACES CRISIS LIKE THE 1970s, REEVES WARNED

So is it REALLY wise for her to be flying off
to Beijing to cosy up to Chinese despots?

RACHEL Reeves is heading for a 1970s-style debt 'nightmare', experts warned last night.

On another turbulent day on the financial markets,

By **Jason Groves** and

the pound fell sharply against the dollar and the Government's borrowing rates rose to a 27-year high.

There were also warnings that the growing crisis could hit

mortgage rates if it continues. Last night, Ms Reeves was due to fly out on a controversial trip to China, despite calls for her to stay in the UK to 'fix the mess her Budget created'.

Ms Reeves was warned that Britain could suffer a repeat of
